CBRC FILE #: 2002 - 185			
RESULTS: (A)			
Species: (Common Name) White-winged Cros	cchill	(Scientific Name) Loxia leucoptera	
1 (550111	(Belentine Manle) Lo	All fedeopteru
Date(s) of occurrence: 01/04/02 & 01/05/02 Number of birds seen: 15	Sex: Male & Female		Plumage: All immature
	Sex. Male & Female		Tuniago. / In Inniator o
Exact location: Grandview Cemetery			
County: Larimer	Nearest town: Ft. Co	llins	Elevation: Approx. 5,300 ft.
Length of observation: 30 minutes on each occ	casion	Time(s) of observati	on: 1 p.m. & 11 a.m.
Other observers who saw the bird(s) with you: .	Joe Fontaine, Joe Mam	moser, Bill Maynard	l
Other observers who independently saw the bir	rd(s): MOB		
Light conditions (quality; direction relative to b		tion: Clear, calm and	l sunny
Optical equipment used: Leica 8 X 42 & Swar			
Distance to bird(s) (estimated, unless otherwise			
Was (were) bird(s) (estimated, uness otherwise		f so, are you submitti	ng photos? Video
Who took the photograph(s)? Me	1	r so, are you submittin	
		Old growth / an muss	
Describe the general and specific habitats in wh			identification on flying fooding
Describe the bird's (birds') behaviors, particula habits: See video	rly benaviors that were u	sed in supporting the	identification, e.g., flying, feeding,
