

2002-181

Painted Bunting

1 second year female. Banded 1741-57180

22 May 2002

Observed in hand for 15 minutes and photographed, attached are 2 slides of this bird. Joey Bolton and Janeal Thompson also saw the bird in hand.

Lamar Community College, Lamar, Prowers county, Colorado

Essentially a small emberizid that was very greenish especially dorsally. See attached slides. No vocalizations were noticed.
