observed with insect, also feeding on sunflower chips from my feeder,
observed on ground[click here for page 2 of this form](#) / [Back to the CBRC Home Page Links](#)

Colorado Field Ornithologists Sight Record Form

page 2

Describe the bird in detail. This is the most important part of this report. Include the overall size

and shape and how you placed the bird in the general group that you did. Give complete details of plumage, including head, throat, undersides, nape, back, wings and tail. Give particular emphasis to marks you used to identify the bird(s). Describe other important details, such as color and shape of bill, legs, eye, (etc.) that were important in making the identification. (Fill out this portion even if photographs are submitted; you may attach additional sheets, drawings, field sketches or copy field notes):

upturned wren tail, long white eyestripe, clear buffy breast

Describe birds call or song:

Discuss similar species and how you eliminated them:

What is your prior experience with this and similarly appearing species? - very limited

List books, guides, recordings or other sources consulted and how this influenced your identification (during and after observation): Nat'l Geo. Guide

This report is from notes made during ___ or after ☒ observation, or later from memory ___

Date of written report: Nov 29, 1999
